Replying to your letter of 17 January, we are still munning into difficulties. I cannot make 6 March, however, the 7th or 8th would be fine or Tuesday or Wednesday of the following week, or Tuesday or Wednesday of the preceding week, would be satisfactory.

However, if changing the day of 6 March would work too much of a hardship on the Armed Forces Staff College, I would be very glad to send a most capable representative down to make the address on that date.

With best wishes, believe me,

Sincerely,

5 - vin to 1 9/50

R. H. Hillenkoetter
Rear Admiral, USW
Director of Central Intelligence

NOTE FOR RECORD: Ltr of 17 Jan states: Your prompt raply to my ltr inviting you to lecture for our seventh class is appreciated. am very desirous of adjusting our schedule in order that we may have the benefit of your conference. Would Monday, 6 March at 1000 be a convenient time for you? This maintains the same sequence of conferences in the Intelligence Division. General Cabell's lecture on the Departmental Level would still follow yours. Let me assure you again that your continued cooperation and interest are deeply appreciated.
